COE-C1001: Dynamics

12. About the exam

Luc St-Pierre

Dynamics exam

When: Wednesday, December 9, 8.30-11.30.

Where: on MyCourses (Assignments - Exam Dynamics). Upload your solution by 11.50.

What you can use: you can use all your notes, books, or anything else, except your friends/colleagues. You will need a calculator.

The exam is covering dynamics only (Lectures 7-11).

Practice exam

- There is a practice exam on myCourses (under Materials).
- The solution is also included.

About the real dynamics exam:

- There will be 5 problems to solve in 3 hours.
- Include free-body diagrams and make sure your solution is clear.
- Make sure your final answer includes the correct units.
- You will get some points if your method is correct but there is an error in the final answer.
